

Club Update

Dear Club Members,

Since the first day the Club reopened its doors on June 17th, 2020, we have been welcoming back members to their fitness and wellness routines.

Here is a quick update as to what is going on within your club!

First and foremost, we must thank each and every one of our club members and our fantastic staff for their support during our closure and in the last few weeks of our reopening! We have received many compliments from members who have returned to the club regarding the club's cleanliness and how good it feels to be back.

Members are participating in events as normally as possible under the new guidelines - ranging from tennis clinics to outdoor group classes. Ready to come in and check it out? Stop by anytime for a quick look around the club and to see for yourself all the measures we have taken to ensure both your safety and the safety of our employees!

Amidst the ever changing guidelines and state of the world, we have adapted and are offering a multitude of ways for you to safely experience your club:

- Socially distanced machines
- Sanitizing stations throughout the club
- NEW Zoom live classes - [Schedules Here!](#) - Beginning next week!
- NEW outdoor group classes - [Schedules Here!](#)
- And much more! Learn more about our protocols by following the link below to read our **Resuming Operations Documents**

**To participate in the Outdoor or Zoom classes
your membership must remain active.
Call today to discuss your options!**

HVAC SYSTEM SUPPORT: We have installed the Needlepoint Bipolar Ionization (NPBI) system in all of our HVAC units, thanks to Commercial Express HVAC. The NPBI system has demonstrated a 99.4% reduction rate on a SARS-CoV-2 (COVID-19) surface strain within 30 minutes. [To read more about the product, please click here!](#)

NEW SAFETY PROTOCOLS: With the implementation of our new safety protocols both members and staff are feeling great and continuing to clean and sanitize all high touch areas in the club. If you would like to read more about the club-wide

protocols please click the link below.

We appreciate your support, cooperation and understanding during these trying times and thank each of you for making McLean Racquet & Health Club a community staple!

As always, if you have any follow up comments, questions or concerns after reviewing the information please feel free to reach out anytime at (703)356-3300 or email mrhcinfo@gmail.com

Sincerely,

Kevin P. Tighe
