

**On June 17th, we were overjoyed to open the doors of the club to returning and new members.**

**Nowhere is the sense of community more evident than on our courts and in our classes and camps.**

**We'd like to take this opportunity to emphasize that we are #inthistogether!**

**And to reiterate the importance of following the CDC and VA state regulations.**

- Anyone entering the club, adults, children, employees, members, guests, and contractors must wear a mask while in the club
- Wearing a Mask while in the club is of the utmost importance for protecting the health of members and staff
- Wear your mask completely over your nose and mouth
- Wear your mask whenever you are not eating or actively engaged in strenuous exercise - *for example if you are taking a break from the cardio machines to observe the tennis courts - please wear a mask*
- Wear your mask when you are walking to or from a workout area *for example if you are walking from tennis courts to Aerobics deck - please wear a mask*

# How to Wear a Surgical Mask

Place colored side  
outside

Pull rings over your  
ears

Pinch rigid strip over  
your nose

Adjust to fully cover  
your nose & mouth

*Everyone at McLean Racquet & Health Club is grateful for the shared effort we are all putting in to keep our facilities safe and available for the members and as a place for 60 local employees to remain employed, engaged and safe at work.*
